Five More Burglaries
[BY THE ASSOCIATED PRESS.]
Five burglaries entered the home of Mrs. A. J. Rosencrans and Mrs. J. B. Markin, 1423 West Pine street, last night and stole jewelry and linen valued at several hundred dollars. Another burglar robbed the home of Mrs. J. P. Caborn, 126 North Occidental street, of spoons, jewelry and silverware. M. V. Miller of 187 South Oxford street reported that burglars broke into his house, took nothing of value was taken. The nearest burglar reported was the one who stole a child's bank filled with pennies. Two uniforms valued at \$100 and a fur overcoat valued at \$150 were stolen from the home of Mrs. D. M. Daniels.

Her Fate a Mystery
RIGA, Friday, Dec. 19.—Former members of the American Embassy at Petrograd are anxiously awaiting word here of the fate of Mrs. E. M. Kennedy, reported imprisoned in Petrograd in connection with a counter-revolutionary plot. When the last American representative withdrew from Russia in 1918 Mrs. Kennedy, with Miss Karin Santa, remained as caretakers of the archives in the embassy. Miss Santa was arrested last July and taken to Moscow, since which time no word has been received from her.

Try Huns at Lille
PARIS, Dec. 21.—Trials of persons accused of war crimes will be held in Paris and Lille in 1920. The court-martial at Lille has issued numerous warrants against German officers and soldiers and a captain and four lieutenants already have been imprisoned. The Germans are charged with having learned from an authorized source that Holland is determined to deliver up former Emperor William for trial.

Autos Collide; Eight Hurt
SAN FRANCISCO, Dec. 21.—Six men and two women were injured seriously early today when a collision of three automobiles on the State highway near Tanforan Park, just south of San Francisco. William Parrott, San Francisco capitalist, with Mrs. Parrott, was driving north, followed by Mr. and Mrs. C. J. Moody, also of San Francisco, in another car, when the third machine, containing four men, rounded a curve, struck the Parrott automobile and then hit the Moody car, a glancing blow. The occupants of all three cars were thrown out.

Fires at Hold-up Men
Armed with heavy revolvers, two masked men held up J. B. Baldwin of 801 South Hope street and Miss A. Tarkington of 527 South Flower street early this morning as the couple were climbing the Fourth-street steps near Grand avenue. Mr. Baldwin lost a watch and Miss Tarkington surrendered a dollar. Police Sergeant M. Thornberg shot at the fleeing highwaymen, but does not believe he hit either.

Close Call for Ruth
SAN DIEGO, Dec. 21.—M. A. Ruth, U. S. Coast Guard, lay for four days and three nights, without food or water and suffering from a broken hip, in the desert mountains east of Water Springs, according to word brought here today. Ruth fell from a cliff last Wednesday and was not found by searchers until Saturday. He is now in a San Diego hospital.

Walks Into Ocean
A woman, about 35 years of age, walked into the ocean at the foot of Sunset avenue, Santa Monica, last night. She was dressed and threw behind her, as she entered the surf, a purse containing \$50. She stated she recently came from Ohio, but refused to give her name or residence.

THREE INJURED IN CRASH.

Three young women were injured early this morning when the automobile in which they were riding with six young men turned over on the National boulevard near Oriz avenue. Two of the girls are seriously injured. They are Miss F. E. Harpole, 23 years, of 1414 South Hope street, Miss Adeline Whitcomb, 18 years, of 4114 South Flower street, and Miss Clara Grand avenue; Sam Rucker, 21 years, Palmetto Hotel, and another, who, the police say, lives at 128 East First street, were not injured. The red did not report to the police.

Clarence Le Blanc, 18 years, of 1214 South Flower street, was hurt. He said the accident was caused by attempting to turn the car. He said Sturtevant was driving. The party was dancing when the members had been attending a dance.

LONG FIGHT FOR BOOZE.

Ten Year Struggle Wets' Plan.

Plan is to Make Every Local Case a Part of Great National Battle.

Government Prepares to Act Against Bootlegging on High Seas.

WETS' PLAN
[EXCLUSIVE DISPATCH.]
COLUMBUS (O.) Dec. 21.—"Enforcement of prohibition will have to be the greatest of our task for at least ten years," says Ernest H. Cherrington, secretary of the executive committee of the Anti-Saloon League. "The wets have ample funds and a strong legal battery. Every local case will become a national issue because wets will continue to fight." Cherrington said that the Anti-Saloon League for the future will be used to enforce what has been accomplished in the United States through education, enforcement, progressive legislation and the election of legislators friendly to the dry cause.

WIFE WON'T LIVE IN AMERICA—HE'S FREE.
[EXCLUSIVE DISPATCH.]
CHICAGO, Dec. 21.—America is so unappreciative, so busy, so commercial. Mrs. Beattie DeWitt, wife of the opera star, wouldn't live in this country. If her husband, who is now with the Chicago Grand Opera Company, would insist upon living in the United States he could go without his wife. She "just wouldn't," couldn't stand it. So Beattie DeWitt went before Judge G. F. Fox of Cook county, and after exhibiting a letter from her wife, won a divorce.

YUDENITCH IN ULTIMATUM.

Demands Right to Occupy Latvian Front to Reorganize Army.

BY JOHN CLAYTON.
[EXCLUSIVE DISPATCH.]
Not demanded because of the boundary question, but to give time to Gen. Yudenitch's forces to move into Latvia and under the form of military terms on the part of the Estonians. With this turn of affairs students of the situation are more hopeful of peace. An official high in the confidence of the Estonian Foreign Office admitted the refusal of the Allied ultimatum meant a definite discussion by the Estonian government to make peace despite Allied pressure. Yesterday I was handed a stenographic report of the last sitting, which includes the Bolshevik boundary proposals. They reiterate their demands to an equal membership in mixed commissions. They do not mention military occupation of Estonian territory, asking instead, a neutral zone twenty versts wide on the Narva front, each nation withdrawing its armies ten versts back of the proposed frontier. The Narva River islands and all territory granted to Estonia east of Narva. This proposal is to stay in force.

TELLS IRISH PLAN TODAY.

Lloyd George Expected to Give Final Decision on Double Parliament.

[BY CABLE-EXCLUSIVE DISPATCH.]
LONDON, Dec. 21.—Speculation over the statement regarding Ireland which Premier Lloyd George will make in the House of Commons Monday afternoon is naturally keener by the attempted assassination of Lord French. There is high authority for saying that the chief feature of the Prime Minister's speech will be his declaration of the decision of the government to set aside the Irish act that is already on the statute books for a measure that will give Ireland two separate parliaments—one for the province of Ulster and the other for the remaining three provinces. The plan is to give the Irish the right to elect their own representatives to the British parliament and to secure the co-ordination of their respective interests and activities.

ETHER HIGHBALL.

NEW MAINE JOLT.

Mixing Alcohol with Anesthetic Produces Joyous "Ethereal" Jags.

EXCLUSIVE DISPATCH.
LEWISTON (Me.) Dec. 21.—"Have an ether highball," is the newest invitation among Maine "wets." The ether highball is a mixture of ether and alcohol—about one part ether and two parts alcohol. Those who have experimented with it assert that it has an "elevating" effect. While the stuff is taken as a mixture, many prefer to heat the mixture to a temperature where the ether evaporates, after which the alcohol is distilled with water on a fifty-fifty basis, thereby becoming the good old-time "split" of New England fame. This concoction is put up in ounce-and-a-half and three-ounce bottles under the name "Ethereal," which enabled it to get by for some time, but now the officers have begun seizing the stuff and the courts condemn it as an intoxicant.

WIFE WON'T LIVE IN AMERICA—HE'S FREE.

EXCLUSIVE DISPATCH.
CHICAGO, Dec. 21.—America is so unappreciative, so busy, so commercial. Mrs. Beattie DeWitt, wife of the opera star, wouldn't live in this country. MEXICO IS TROTZKY'S

Carranza is Ruled by Bolsheviki.

Vicious Despotism and Enmity to America the Basis of All Policies.

President of Oil Company Reports on Chaos in the Southern Republic.

EXCLUSIVE DISPATCH.
PHILADELPHIA, Dec. 21.—"An experiment in Bolshevism, recognized and encouraged by the United States." This is the Carranza regime in Mexico characterized by Mrs. Jewell Williams in the name of Carranza, president of the Pancoast Oil Company and a Philadelphia attorney, who has just returned to his home after an extended tour in the southern republic. In an interview today Mrs. Williams stated that Carranza was a typical exponent of a despotism of force under the guise of popular reform. He declared that the present chaotic situation in Mexico may be recognized as an example of the form of government to be expected wherever the principles of Bolshevism and socialism are applied. "During the war," said Mrs. Williams, "Carranza was definitely pro-German. In addition to that, he is a radical. He has a complete and unquestionable authority that his political philosophy is based upon such violence as that of Karl Marx and Lenin. Indeed, no surer of Mexico is complete without a word about Bolshevism."

COAL PLAN ALL UPSET.

Operators May Not Co-operate.

Claim that the Administration has Given Them a "Double Cross."

Declare Palmer-Lewis Scheme was Approved Without a Consultation.

BY ARTHUR SEARS HENNING.
[EXCLUSIVE DISPATCH.]
WASHINGTON, Dec. 21.—Refusal by the executive committee of the operators tonight to accept President Wilson's coal mission upset all calculations as to the settlement of the war dispute that led to the strike of the bituminous miners. After a meeting of the committee, in which the administration was accused of "double-crossing" the operators and "surrendering" to the miners for political reasons, a call was issued for a conference of the bituminous coal producers at Cleveland next Tuesday to pass on the question of accepting or rejecting the President's plan of settlement. The operators complain that while they accepted the terms of President Wilson's letter of December 4, Atty.-Gen. Palmer double-crossed them by settling the strike with the miners at Indianapolis on a basis of the Palmer-Lewis memorandum of December 1, on which the operators never were consulted and which extended the President's terms to include retroactive wage adjustments and several other contract changes consistently opposed by the mine owners.

CHINESE BONFIRE

JAZZES BOYCOTT.

Oriental Pops Pop Into Protest Over the Shantung Settlement.

BY A. P. HENRY WILSON.
SAN FRANCISCO, Dec. 21.—Japanese silk, ebony furniture and other goods valued at \$1000 were burned early tonight in the main street of San Francisco's Chinatown by Quong Chung, a Chinese merchant, as a public protest against the Japanese occupation of Shantung, and also, he said, as a first attempt to attend the Chinese boycott against Japanese goods to the United States. Several thousand Chinese turned out to witness the spectacle, and two students made speeches calling on their countrymen in the crowd to make a determined stand against what they called an encroachment on Chinese rights. The goods were ordered by Quong Chung several months ago in Japan, but had just been released from the customs house. After ordering, he stated, he decided not to handle Japanese goods. He said that he would sell the merchandise and give the proceeds to charity were met by him with the reply that a demonstration against the Japanese was necessary.

FRENCH AIR SERVICE

WAR LOSS 7767 MEN.

EXCLUSIVE DISPATCH.
WASHINGTON, Dec. 21.—The French air service during the war suffered casualties of 7767 in killed and wounded. The loss of the French air service during the war was 7767 men. The war losses, therefore, represent 11 per cent, which is believed to be the greatest proportion in any arm of the allied armies.

FIRM HAND CHECKS JAP STRIKES

Deep Unrest is Shaking Realm of Mikado and While Numerous Disturbances Are Put Down, Injustice to Workers is Recognized.

BY FRAEDER HUNT.
[BY CABLE-EXCLUSIVE DISPATCH.]
TOKYO, Dec. 17 (delayed).—In Japan, like America, strikes at the present are proving unsuccessful. Or all the recent great strikes only one has succeeded. Within a week 14,000 striking copper miners have returned to work beaten. In the northern districts of the islands there have been several coal strikes, but these ended with defeat to the workers. The only recent big strike which was successful was that in the Kawasaki dockyard, where a "do slow" strike, which is the Japanese idiom of sabotage, won the laborers an eight-hour day, better wages and a special bonus.

WOMEN AT MANUAL LABOR.

Hundreds of thousands of women are doing manual labor here. Once they worked ten and twelve hours a day, averaging less than 50 cents a day, and for these present day conditions statistics show wages increased by some 50 per cent, while the living costs increased 200 per cent. A certain amount of class consciousness is growing among the workers, but primarily the complaint is still a simple economic one. The principal article of food, rice, has increased in price over 100 per cent. The laborers today cannot make both ends meet and the only recourse is an unorganized strike.

UNLAWFUL TO STRIKE.

Official figures given to me by the Department of Labor show that from January 1 to November 1 there were 411 strikes in Japan, involving 1,111 workers. Of these 215 strikes were compromised, fifty-two were won by labor, seventy-six lost by labor and in seventy-five labor withdrew its demands after being promised future benefits. These figures are unusual, considering the fact that it is unlawful to strike or organize a union for a strike in Japan. So deep is the discontent, dissatisfaction and hardship from the high cost of living that the workers, unorganized, inadequately led and facing the police and law against striking, not only strike, but win a fair per cent of the strikes.

COVIET ARK

TO RUSSIA.

Sailing Away, Reds Curse America.

Transport Carries 249 Deported Anarchists to Some Cold Baltic Port.

Goldman Screams United States' End is Near and that She'll Come Back.

EXCLUSIVE DISPATCH.
NEW YORK, Dec. 21.—Snarling bitter curses at the United States government and United States officials, 249 rabid Reds defied America as they were deported today for an unknown port on board the United States transport Buford. Although fanned on either side by husky, khaki-clad and fully-armed marines, Emma Goldman, her heady eyes all but closed, shouted:

ABOUT VILIFICATION.

"This is the beginning of the end of the United States. I shall be back in America. We shall all be back. I am proud to be among the first deported. The Car, in all his career, never treated his subjects as we are being treated."

FRENCH AIR SERVICE

EXCLUSIVE DISPATCH.

RUSSIA BASIS OF NEW PEACE

Both European and American Unrest Due to Her.

Must be Made Into Great Producing Nation Again.

Observer Says Opportunity Should be Seized Now.

BY FREDERIC W. CORSE.

(BY CABLE-EXCLUSIVE DISPATCH.)

PARIS, Dec. 14. (Cable.)—Russia is the basis of the new peace.

Both Europe and America are in a state of unrest because of the Russian situation.

In 1913 Russia exported more than any other country in the world and she supplied to Western Europe 46 per cent of the grain consumed there.

So long as Russia remains a non-producer of the primary necessities, unrest will continue, not only in Europe, but in America, because America must supply Europe with wheat.

It is the opinion of the writer that there was no country of Europe where it was easier to conduct business in 1913 than in Russia.

The few American concerns doing business in Russia, which had reliable and experienced men in charge, doubtless realized as large balances on the right side of the account as in any other European country.

AMERICANS NEGLECT RUSSIA.

But America never took hold of Russia. Less than half a dozen large corporations were active there at the outbreak of the war.

The business of these corporations was extensive and highly prosperous. They have suffered heavily in consequence of the revolution, but, notwithstanding, all are planning to resume operations with the downfall of Bolshevism.

Though not a manufacturer myself, I am able to state that the labor costs per unit of product in Russia were below those in the United States.

A new Russia is emerging. We are all skeptical about it, and we seem to know just how to begin business again with that country.

Two great facts, however, stand out. That great rich land is there with all its natural resources, and there is the greatest Caucasian population in the world waiting to be organized once more and resume the serious work of life.

They have been living with many unsatisfied wants for several years. But these wants are still insistent and will be satisfied by some one.

Somebody is going to trade with Russia, and trade on a large scale, and trade is the first condition in the rehabilitation of the country.

It is going to take courage to begin. We need not fear that Germany will be the near future, make any organized attack upon Russian commerce. Germany has no capital, no material even to supply her own factories or her own local demands.

But the Germans who have had experience in Russia are gradually drifting back into that country. There men have not much capital, but they possess knowledge of Russia.

It, therefore, we have Russia

NURSE GETS \$50,000 FOR LOYAL SERVICE.

(EXCLUSIVE DISPATCH.)

SACRAMENTO, Dec. 21.—Reads like a fairy story, but it's true. Last September Mrs. Ruffin Templeton of Sacramento was employed by Dr. Paul Lams of Oakland as a nurse.

Mrs. Templeton won the physician's gratitude by the manner in which she cared for his aged and paralytic mother.

Three weeks ago the doctor died. In his will he left \$50,000 to Mrs. Templeton.

ASK BERGER'S DEPORTATION.

Members of Congress Believe Re-elected Representative is Menace.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Dec. 21.—Victor Berger, who won re-election to Congress at the hands of Milwaukee Socialists, was severely criticized in the House yesterday during consideration of a bill for the deportation of alien Reds.

Representative Fess of Ohio declared he would be glad to join in the passage of a bill to make Berger's deportation possible.

Representative Campbell of Kansas said it was a matter of pride "that there are few spots in the United States that are like Milwaukee."

Members of the House showed they have no intention to allow Mr. Berger to take his seat. Representative Dullinger of Massachusetts, chairman of the committee which presented the report which led to Berger's exclusion a few weeks ago, announced his intention of following the same procedure as soon as Berger makes his appearance. The plan is to elect him without allowing him to take the oath.

"I would be willing," continued Mr. Fess, "to join any group of men in this house to enact legislation to deport Berger. Our government must not be impotent in the handling of dangerous elements."

"The House cares nothing about his political, economic or religious views," said Mr. Dullinger. "He is ineligible because he gave aid and comfort to the enemy. We have got to get rid of the Constitution. The people of his district have a right to be represented here but they have no right to choose a man who is ineligible."

"We appeal to the Sinn Fein to repudiate and denounce the fanatical imbeciles who are behind this bill," he said.

"We appeal to the Sinn Fein to repudiate and denounce the fanatical imbeciles who are behind this bill," he said.

WILL TAKE UP IRISH SCHEME.

(Continued from First Page.)

The Ulster parliament then face the certainty of being swept aside by the Sinn Fein (Irish) party.

One of the incidents of the past week at Westminster was a far-reaching debate between Mr. MacDonnell, Chief Secretary for Ireland, and Joseph Devlin, and the other members who were engaged in a confidential conference.

Mr. Devlin may deem it advisable to make a strong objection to the partition of Ireland into two parliaments, but he realizes that his political destiny is wrapped up with that of Ulster.

FARMERS SCORE PACKERS' PACT.

Angry Over Department of Justice Compromise.
Declare Grocers Win, Live-stock Producers Lose.
Call for Enactment of the Kenyon-Anderson Bill.

WASHINGTON, Dec. 21.—Farmers, according to the Farmers' National Committee on packing plants allied industries of the Farmers' National Council, are not enthusiastic over the peace agreement between the Department of Justice and the packers.

IMMUNITY SECURED.
"It serves notice in unmistakable terms upon the American people that parties guilty of the grossest forms of conspiracy in restraint of trade, and to establish monopoly, may, apparently, through agreement with the Department of Justice, secure immunity for their actions. Another equally striking feature about the decree is that under it the packers may through holding companies continue their exploitations of the people."

FARMERS' PRODUCTS SLIGHTED.
"The decree entirely omits all reference to business in poultry, eggs, butter and cheese. These products are not handled extensively by the wholesale grocers. The farmers who produce them, however, know what it means to leave the big packers free to extend their control over the handling of these farm products. The decree issued by the government, after agreement with the packers, in no way breaks up of interference with the packers' control of the business which live stock producers must have and which the packers have used in the past to intimidate and coerce their producers."

ONLY ONE LIFEBOAT LEFT THE CHANSLOR.
LEFT THE CHANSLOR.
THIS TURNED OVER IN BREAKERS AND ALL BUT THREE WERE DROWNED.
IT A. P. MERRY WIRE.
RANSON (Ore.) Dec. 21.—It seemed fully established last night that only one lifeboat got away from the Associated Oil tank steamer J. A. Chanslor, bound from Portland to San Francisco, when she was wrecked off Cape Blanco early Thursday night. Of thirteen men who were in the lifeboat, when launched and two others picked up later, all but three lost their lives in an attempt to land through the breakers after twenty-four hours of exhausting effort to avoid being swamped by mountainous waves.

Your Gift Problem

Of something that will give present pleasure and lasting happiness can best be solved by choosing a "Bank for Everybody" Gift Account.

For boys and girls, sisters, brothers, wives, mothers, fathers or friends—the one gift that grows in value, that promotes thrift, confidence, success.

You can start Christmas Savings Accounts in this strong bank with \$1, \$5, \$10 or any amount you choose. With each gift account we furnish an attractive home savings bank, in a Christmas box.

SAYS PROFIT SHARING IS CURE FOR UNREST.
IT A. P. MERRY WIRE.
NEW YORK, Dec. 21.—The true solution of the problem of unrest will be found in "some just and equitable system of profit-sharing," Gov. Goodrich of Indiana declared in an address last night. Gov. Goodrich said the time had come for responsible men to cease yielding to class dictation.

WINNING BOLSHEVICS IN SOFIA CAUSE PANIC.
IT A. P. MERRY WIRE.
SALONIKI, Friday, Dec. 19.—Bulgarian Bolsheviki have been successful in municipal elections held in Sofia, and newspaper in that city have appealed to the Bulgarian government to maintain order, according to advices received here. It is said that a virtual panic prevails in Sofia.

A KURTZMANN PIANO for your HOME This Christmas

When you buy a Kurtzmann you buy a piano with a reputation for long-wear service and through-and-through quality that dates back 71 years. The Kurtzmann piano was in American homes when Lincoln was President—when our great-grandmothers wore hoop-skirts—way back in '48.

Its thoroughly dependable quality and its soft mellowness of tone, which seems only to improve with age, have endeared it, have made it an indispensable part of the home spirit in thousands of American households.

The Kurtzmann Upright pianos begin at \$525, Grands at \$925. Liberal monthly terms. Your talking machine or your old piano will be accepted as part payment.

—or a Kurtzmann-Aeolian Player Piano

To those who prefer a player piano, the Kurtzmann-Aeolian offers the dependable long-wear construction of the Kurtzmann piano combined with the famous Aeolian player action, made by the great Aeolian Company of New York, manufacturers of the Pianola and Duo-Art—the world's foremost producer of player pianos. We shall be pleased to have you come in—hear and see the Kurtzmann-Aeolian. Learn why it is superior to the ordinary "player." The price is \$850.

AUTO PLUNGE FATAL.

Woman Killed in Accident Near Santa Barbara.

(EXCLUSIVE DISPATCH.)
SANTA BARBARA, Dec. 21.—Mrs. Arthur M. Wither of Twin Falls, Idaho, was instantly killed today when the car in which she was riding plunged from a high bridge over a canyon at a point twenty miles north of this city and rolled down an embankment.

Her throwing on his brakes and slightly swerving to avoid colliding with a machine driven by Ernest Covarrubias, who drove suddenly upon the highway from the canyon road leading to his ranch. The Wither had been Christmas shopping in Los Angeles, and their machine was filled with gifts. Wither was brought to a local hospital and his wife's remains were taken to the L. R. Giamler Morgue.

Bolivia to Raise \$100,000,000.
(BY A. P. MONT WIRE.)

FIGHT STARTED ON H. C. L. HERE.

Fair-Price Committees for All Parts of State.

Federal Officials Confer on Coast Profiteering.

Hope Gov. Stephens will Decide to Assist Work.

(BY A. P. DAY WIRE.)
SAN FRANCISCO, Dec. 21.—U. S. Attorney Annette Adams conferred here yesterday with John H. Atwood, special assistant attorney general, charged with investigating causes of the high cost of living in the West.

The conference was in connection with activities against profiteers and investigations of high prices now being undertaken by the government here. It was announced.

Besides Atwood and Mrs. Adams, the conference was attended by Robert J. O'Connor, U. S. Attorney for Southern California, and Postmaster Fay of San Francisco.

FAIR PRICE BOARDS.
It was decided that fair-price committees will be named at once for the cities of the Bay district, and that later the same plan will be followed in other parts of the State.

This action will be taken by the Federal officials. It was explained, because Gov. Stephens refused to name such committees.

In a statement issued after the conference, Atwood declared that California's Governor was the only one who had refused to aid the Federal officials in carrying out their proposed program.

LOOK TO GOVERNOR.
This refusal, he said, had entailed work otherwise unnecessary in California, and he expressed the hope that Gov. Stephens would reconsider and assist "in this very important investigation."

Efforts to control the present high prices in this State, Atwood said, will be concentrated on consideration of wholesalers and retail prices. Prosecutions are not being considered, he said, but will be resorted to if necessary.

Atwood left last night for Los Angeles to arrange for the naming of a fair-price committee there.

UNION LABOR'S STORE IN RECEIVER'S HANDS.

CO-OPERATIVE "COST-PLUS" ATTEMPT IS DARK, BANK, DISMAL FAILURE.

(EXCLUSIVE DISPATCH.)
PORTLAND (Or.), Dec. 21.—Less than six months after it was organized with a great flare of trumpets, a large co-operative store started here by the Portland Central Labor Council, is on the rocks financially. It lost nearly \$100,000 in the brief time it was operated, and it is now in the hands of the credit bureau of the State Merchant Association.

At the time the store opened, union labor leaders bragged that they were going to crowd retail competitors out of all trade from their members, and held out glowing promises to those who would pay a monthly membership fee for the privilege of trading there.

EVERYONE PAID "DUES."
For a short time all went well, but reports were soon prevalent that the store was in trouble, and it was soon headed for failure.

The store was known as the "State Exchange." It purported to operate on a cost plus basis, selling at a 5 per cent. margin. In addition it exacted a fee of 55 cents monthly from union men, and 50 cents monthly from others.

The Central Labor Council, which will have to meet its obligations under an agreement that had been made, is now trying to finance a reorganization. If they succeed the store will be operated under the so-called "Rehabilitated" plan.

DIRECTORS ARE NAMED FOR DELINQUENT HOME.

DR. BARTON AND MAUDE STEIN OF LOS ANGELES APPOINTED BY GOVERNOR.

(BY A. P. MONT WIRE.)
SACRAMENTO, Dec. 21.—A board to establish and administer a home for delinquent women, as provided by enactment of the 1915 California Legislature, was appointed today by Gov. Stephens.

The board's membership of five includes two physicians, two prominent club women and a police official as follows:
Dr. Emma K. Wulfs, San Francisco, five-year term; Maude Steiny, Los Angeles, four-year term; Capt. Duncan Matheson of the San Francisco police force, three-year term; Dr. Robert C. Barton, Los Angeles, two-year term; Lida M. Hume, Berkeley, one-year term.

The board will have at its disposal for establishment of the home an appropriation of \$150,000.

The purpose of the institution as stated in the act creating it "shall be to provide custody, care, protection and other training and reformatory help for delinquent women."

The superintendent shall be a woman, not a member of the board of trustees, the act further provides, and the inmates will be of two classes—admitted at their own request or by order of the court.

Minimum age for admittance will be 18 years. Provision is made in the act for care up to the age of 2 years of the child of any inmate, or at the discretion of the board, for a greater period of time.

No salary is provided for trustees of the home.

NEPTUNE IN GROCERY.
(BY A. P. MONT WIRE.)
NEW YORK, Dec. 21.—A new planet is believed to be responsible for irregularities in the motion of the planet Neptune. Prof. Harold Jacoby of Columbia University announced today that it is supposed to be about the same size as the earth but farther away from the sun than any other planet.

DAN W. SIMMS LANDS AGAIN.

One-Time Oil Master is Now Assistant to Palmer.

Appointment Recalls Harvest of Honors Reaped Here.

Thirty-Thousand-Dollar Plum Picked by "Visitor."

Dan W. Simms, whose brief residence in Los Angeles was marked by a harvest of honors, has just been appointed as assistant to Atty.-Gen. Palmer, in charge of coal and other investigations, according to word received yesterday by his former co-workers at the Federal Building.

In the spring of 1916, Mr. Simms came to Los Angeles because of his health. He opened a law office and cultivated the acquaintance of the Indiana Democrats then holding jobs in the Federal Building. At that time he found John D. Roche, former U. S. Attorney, Democratic weekly in Housertown, hold ing a \$2500 job in the local land counter of oil wells. In the same county, another Indiana Democrat, had caught on and was drawing \$1500 a year as "director of Internal Revenue." After a conference with whom Mr. Simms used to play town ball at Covington, Ind., was U. S. Attorney, with a \$2500 salary, and W. Fleet Palmer, who was at one time prosecuting attorney in Clinton county, Ind., was assistant U. S. Attorney.

Mr. Simms began to set about his work. He had a way of rubbing the fur the right way on the backs of everybody he met. He had no sooner been fairly seated on the job of soliciting clients in a strange city, than the Democrats of Los Angeles began a quest for chairman of the County Central Committee. It had been with 1 on other patriots but they all declined. Why not force it on Simms? The answer was "No." This was done and Mr. Simms took the job at a time when he hardly knew where the headquarters of the committee were located.

For some time afterward the meetings of the committee were held in a tallow candle Broadway. It was about all that could be located of the Los Angeles Democracy. But Mr. Simms was successful in the situation.

In the early summer of 1918, a number of oil wells, in which the government was plaintiff, were in various stages of settlement at the Federal Building. Masterpieces were being planned and Mr. Simms and his friends began to get busy. The outcome of their activities was the appointment of Mr. Simms in July, 1918, as special master in one of the oil cases.

This appointment was made by U. S. District Judge Hildene. As Mr. Simms had his hand in, he was given other masterpieces, involving other oil companies. The work was not hard, and so remunerative was the work that it is estimated that Mr. Simms drew in excess of \$25,000. This was a double amount paid by the government to both of the local Federal judges during the time that Mr. Simms served as master.

On the evening of December 30, 1918, of Democrats of Los Angeles, held a dinner at the Alexander. He left for his old home at Lafayette, Ind., a few days later. His flyer in California politics had been a success.

KILLS FARMER, WIFE AND FOUR CHILDREN.

SLAYED WIVES OUT WHOLE FAMILY ON RANCH NEAR GILCREST, COLO.

(BY A. P. MONT WIRE.)
GILCREST (Colo.), Dec. 21.—Adam Shank, a wealthy farmer, his wife and four young children were killed on their farm near here early today. The bodies were found by Shank's cousin, George, when he went to the farm to take the family to church. The slayer apparently used a revolver.

The authorities are looking for an employee of Shank who has not been seen since Saturday. Greedy has been ordered in an attempt to trace the slayer.

Three of the children were found dead in bed.

The family had been living on the farm for two years. Previous the Shanks lived in the district and were widely known.

Robbery was not the motive, according to the authorities.

DENVER, Dec. 21.—A man answering the description of Alex Miller, a farm hand sought by Sheriff Hall of Weld county in connection with the murder of the Shank family, was arrested in Denver tonight.

TANK STEAMER CREW GIVEN UP FOR LOST.

OF THE THIRTY-EIGHT MEN ABOARD ONLY THREE SAVED FROM DISASTER.

(BY A. P. MONT WIRE.)
RANDON (Ore.), Dec. 21.—Hope was abandoned here tonight for the thirty-one men missing since the tank steamer J. A. Chandler was wrecked three full days ago. Constant patrolling of the beach last night and today failed to disclose any more bodies.

Of the thirty-eight men aboard when the Chandler was wrecked, only three, including Capt. A. A. Sawyer, reached shore alive. Bodies of four were found on the beach. The remaining thirty-one, it was concluded, were drowned.

Exact description was received here today of Francis Jackson, the young assistant engineer, who was a son of C. B. Jackson, a Portland publisher, and special efforts were ordered to find his body.

The four bodies recovered are being held pending investigation of the relatives of the men identified. An identification card found on a body recovered, showed he was 25 years old and had enlisted in the navy in 1915.

For the Successful Christmas Dinner

—at your neighborhood Acme are the many little items which play so important a part in rounding out the formal dinner—for the better observance of the holiday spirit.

Mixed Candy

—whether for the Christmas tree, for filling the stockings, or sending Christmas packages to the youngsters of the neighborhood—this superior mixed candy is just the thing.

—the lb. 30c

—other — more expensive
—either in bulk or
—boxed — at your
Acme.

—and — After Dinner Mints.

Nuts

—mixed nuts

—made up of walnuts, pecans, almonds, filberts and Brazils; all of No. 1 quality, and freshly received—which has a meaning.

—the lb. 40c

Popcorn

California popcorn

—surprising how much fun can be gotten from these large yellow grains of California popcorn—you can't be too young nor too old to get an evening's enjoyment from it—and there's no better popcorn to be had.

2 lbs. 25c

Dates

Dromedary dates

—of the new pack.

—the pkg. 35c

Raisins

—several kinds; seeded, seedless and layer raisins.

Canned Fruit

Libby and Del Monte brands to choose from.

Pineapple; Libby's name on a can of pineapple is proof of its good quality. Libby Pineapple comes in many sizes and kinds; sliced and shredded.

Holly paper for wrapping Christmas packages. Christmas tree candles. Christmas trees.

—be glad you have an Acme near you.

Tea Garden Preserves

—nothing put up anywhere can equal, much less surpass these preserves and jellies, because of the purity of materials used, skill in preparation and beauty of the package.

—in glass

Dunn's Jams and Jellies

—likewise in glass; and of excellent quality.

Beverages

—the well known brands of grape and loganberry juice; cider, bottled or in bulk. Arrowhead ginger ale and Kwass. Virginia Dare wine, in two sizes, 50c and 95c; coffee, teas, chocolates.

—if you are interested in a particularly good coffee you'll enjoy Acme Highland coffee because of its splendidly rich aroma and coffee goodness.

—the lb. pkg. 44c

Olives

—ripe, green and stuffed

—a special buy are these Acme Highland Ripe Olives—extra nice ones; the 2½ tin,

—at 37c

Spices

—maybe you think that spices have little place in Christmas preparation; come to think of it, how far would the pie—the stuffing for the turkey or chicken go, without their proper spicing?

Acme spices are ground from the pure spices with all the essential oils retained; which explains the difference between Acme and cheap spice qualities.

Acme Jams

—pure fruit jams, 15 c. in glass.

Figs

—pressed figs

Cherries

Maraschino type cherries for garnishing the fruit dessert, or the salad; 3 sizes of bottles.

Vegetables

—ready prepared pumpkin —and you have the making of delicious pumpkin pie with less trouble and less expense.

Del Monte, No. 2½

can 12½c

—canned peas; take Snap or Segs brands, and you have a delicious quality, worthy a place on the Christmas dinner menu.

—Paris brand of Maine corn is distinguished for its sweetness, tenderness and flavor.

—asparagus—for the salad.

Puddings

—starting with Heinz, in fig, plum and fruit puddings; and Help's are in a class by themselves.

—other puddings are the R. & R. and Mrs. Porter's.

Fresh Fruits

—especially selected for the holidays; oranges, bananas, grapefruit, apples.

Gift Boxes

—most attractive gift boxes, containing the choice of good things from California orchards and groves.

They even tickle Santa's palate

AIRCRAFT SHOW OPENS IN PARIS

Hundred Exhibits of World's Finest Planes.

A Single American Offering is to be Found

Luxurious Cabins and Every Possible Refinement.

(BY CABLE—EXCLUSIVE DISPATCH.)

PARIS, Dec. 20.—President Poincaré, accompanied by Marshal Foch, opened today the world's greatest exhibition of aircraft. It exhibits picture the marvelous progress in aviation in the past six years. There is no American offering.

LUXURIOUS.
The feature overtops all others in that the development of various pleasure craft of the air are exhibited in a most brilliant manner. There are business-like mail planes, but it is the pleasure planes that are emphasized. This time through all of the show the little 200-pound Marauder, the giant line of the air with accommodations for twenty, twenty-five and thirty passengers.

The Pierlot "Mammoth" command, a light, economical and powerful, accommodations for twenty passengers with all conveniences down to a toilet room. There are two decks for passengers. Fitted with four 100-horse-power motors, the giant biplane stands as high as a three-story house. The engine is increased in pairs two above and two below. It makes a hundred miles an hour and can run for six hours without replenishing its fuel.

GIANT CAUDRON.
The Caudron is a giant Caudron biplane, which carries sixteen passengers. Its cabin is the most comfortable in the show and is fitted with a dining room, a bar, a dance floor and a toilet room. The biplane is the largest in the world.

The Farman Goliath carries twenty passengers and is a biplane. It is a masterpiece of engineering. It has a wingspan of 110 feet and a length of 100 feet. It can carry a load of 10,000 pounds and can fly for 24 hours.

These four machines represent the highest achievement in aviation. They are the most powerful and most comfortable aircraft ever built. They are the pride of the aviation industry.

There is also a biplane with a wingspan of 110 feet and a length of 100 feet. It can carry a load of 10,000 pounds and can fly for 24 hours.

There is also a biplane with a wingspan of 110 feet and a length of 100 feet. It can carry a load of 10,000 pounds and can fly for 24 hours.

There is also a biplane with a wingspan of 110 feet and a length of 100 feet. It can carry a load of 10,000 pounds and can fly for 24 hours.

There is also a biplane with a wingspan of 110 feet and a length of 100 feet. It can carry a load of 10,000 pounds and can fly for 24 hours.

There is also a biplane with a wingspan of 110 feet and a length of 100 feet. It can carry a load of 10,000 pounds and can fly for 24 hours.

There is also a biplane with a wingspan of 110 feet and a length of 100 feet. It can carry a load of 10,000 pounds and can fly for 24 hours.

There is also a biplane with a wingspan of 110 feet and a length of 100 feet. It can carry a load of 10,000 pounds and can fly for 24 hours.

HARVARD MEN TIRE ON TRIP

Dec. 21.—The Harvard football team, which left Boston yesterday on its transcontinental trip to meet the Oregon eleven at Pasadena on New Year's day, arrived in Chicago an hour and forty minutes late today.

The members were a bit tired and went to the University Club for a plunge and dinner.

There were forty-five in the party, traveling in three cars attached to the Overland Limited, which left at 7:10 p.m. for California.

LONG BEACH MAY PLAY PHOENIX ELEVEN HERE.

ARIZONA'S REBUTIVE CHALLENGE FOR GAME JANUARY 2, IF BECKLEY LOSES.

The Long Beach High School authorities have challenged the Phoenix High football team to a game, to be played January 2 in Los Angeles, for the championship of the Southwest, according to advice received here yesterday from Phoenix.

The only proviso in the challenge is that Long Beach champion Berkeley for the State championship—something which every Southern California believes is easy.

Phoenix wants to play Long Beach, but doesn't want to swallow the prize in the challenge.

RUTH FAILS TO SWAT THE PILL

Certainly Does His Best to Hit for Sweet Charity.

Jack Dempsey Referees High-Class Wrestling Bout.

Jim Corbett Appears at End of High-Prized Stogie.

BY HARRY A. WILLIAMS.

In the name of sweet charity Babe Ruth tried in vain to swat the pill over the fence, but couldn't connect. Babe's team topped, 4 to 1, in the game played under the auspices of the K.C. for the benefit of Los Angeles orphans, and Babe himself swung, and perspired, and grunted and swore, and all to no purpose.

Sweet charity went unrequited as far as home runs were concerned. Babe doesn't seem to be much of a sweet charity hitter. They even switched from a left to a right-handed in the hope that he would do something for the parents of the orphans, but that didn't work.

He is a cash collector. He needs the stimulus of ready money. Babe never tried earlier in his life, or grunted more audibly, or swung more vociferously, but the \$5000 prize was not there.

But the money came in at the gate, and more came in while the game was being played. The crowd was passing out through the gate, and that is the main thing.

Approximately 12,000 was realized at the box office, which the downtown sales and free-will offering dropped in a tin can while the fans were passing into the stadium.

He brought the sum around \$10000 more. Nearly everybody coughed and sneezed, and the crowd was shaking its head.

He brought the sum around \$10000 more. Nearly everybody coughed and sneezed, and the crowd was shaking its head.

BURKE CANT HELP DEMPSEY TRAIN.

Dec. 21.—Jack Dempsey, now in Los Angeles, will have to do his preliminary training without the aid of Martin Burke, the man who trained him for the fight with Willard and many of his other fights.

Dempsey had been asking that Burke come to Los Angeles and keep him in condition.

Burke was badly battered in the fight he had with George Chip here a month ago and a bone in his breast was broken.

He has suffered with it since, and although he is getting better, he cannot help Dempsey train.

MRS. EVANS WINS LADIES' DAY GOLF.

Dec. 21.—The ladies' golf tournament at the Los Angeles Country Club, which was held yesterday, resulted in a victory for Mrs. E. J. Evans.

Mrs. Evans won the tournament by a score of 10 to 11, defeating Mrs. J. H. Smith.

The tournament was held on the golf course at the Los Angeles Country Club.

OREGON RESTS ON SABBATH.

Huntington's Football Squad Buckles to Work Today.

Trainer Hayward Maps Out a Strenuous Schedule.

Dope on All-American Casey and Fellow-Stars.

BY PAUL LOWRY.

The University of Oregon football players followed a Biblical injunction and rested yesterday.

In the morning they attended Sabbath services at a Pasadena church, and in the afternoon they were the guests of the Knights of Columbus at the big Christmas benefit for the orphans at Washington Park.

Today the chaps who sport the Lemon-Yellow start earnest work for the New Year's Day fracas with Harvard. This morning at 9 o'clock, Head Coach "Shy" Huntington took his men out on Tournament Park field for a practice workout in the South. They indulged in a limbering up process soon after their arrival on Saturday, but because their uniforms got ditched somewhere along the route, nothing more than limbering and kicking the ball around resulted.

Trainer Bill Hayward said last night that limbering no-lookings had come to hand, and the players would be fully acquainted today.

SOME COACHES. Assistant Huntington will be "Bart" Spillman, line coach, and "Buck" Mitchell, who handles the backfield. All three of these men played on the Oregon team that crushed Pennsylvania, 14 to 0, on January 10, 1917.

"Shy" Huntington was quarterback, Spillman right guard and Mitchell left end. Another member of this same team—left tackle Johnny Ricketts—due to arrive the day after Christmas to help out with the tutoring of the line.

"Shy" Huntington, by the tactical skill and mechanical precision he displayed in the Pennsylvania conflict, was the outstanding star, is to confine himself to the backfield. If he has taught Bill Spillman anything, it is the importance of the line.

Vincent Jacobberger and Brandenberg, both of the staff he showed during the Pennsylvania game, are nothing lacking in the way of an offense to the Oregon machine when they reach the field against the Harvard eleven.

HAYWARD A VETERAN. Trainer Bill Hayward, who has been with Oregon ever since the team was founded, is a veteran in a swaddling clothes, is not going to be satisfied with one workout a day. They are to have an hour and a half of drill in the morning, and in the afternoon, starting at 1 o'clock, another and more strenuous drill. This is the schedule for the training week. If Hayward likes the way his men are going he may relax and let them down the latter part of the week.

The veteran trainer realizes only too well that the Lean Day battle will be a new conditioning work in a swaddling clothes, is not going to be satisfied with one workout a day. They are to have an hour and a half of drill in the morning, and in the afternoon, starting at 1 o'clock, another and more strenuous drill.

This is the schedule for the training week. If Hayward likes the way his men are going he may relax and let them down the latter part of the week.

The People and Their Troubles

DOROTHY DIX TALKS

Be Honest With Children

BY DOROTHY DIX.

One of the greatest mistakes that parents make is in not dealing honestly with their children.

To begin with, many parents throw away a valuable chance of becoming real comrades with their children by representing themselves as always having been supermen and women. Their vanity makes them pose before their sons and daughters as paragons who are so far above all mortal weaknesses that they were never even tempted to walk in forbidden paths.

This parental egotism erects a barrier between children and parents that the children feel to be so insurmountable that they do not even attempt to break through.

According to father's own oft-repeated statement, he simply adored going to school and never missed a lesson, and when he came home at night he was eager to do chores about the house instead of playing ball with other boys, and at night he preferred to get his lessons to go to the movies.

And when mother was a girl, as she frankly admits, she was as modest as a violet, and she never wore any clothes except those chosen by her dear mama, and she always preferred maids to her own, and she wore frocks that came down to her knees and up to her ears and that were made of good thick cloth and you couldn't see through, and she never thought of such a thing as even wanting to have a beau until she was 18, and when young men came to see her they always sat on one side of the room and the cat on the other and they talked about music and literature and neighborhood stuff, and when they danced they held each other by the tips of the fingers, and mama would have died before she would have seen riding alone with a young man, and as for letting a young man kiss her, oh—oh—oh, mother would

woman he ever loved, and that we have a right to live our lives according to our own lights instead of those of a narrow and hide-bound Mrs. Grundy?

She can't. She is so sure that mother's pulses never beat except to save her if only she had been honest enough to tell her daughter that she had been just as silly as any 14-year-old girl, and knew from experience every temptation that assails maidenhood.

Very few parents are honest with their children about money. Unless they are very poor or very rich, they conceal the state of the family exchequer from their boys and girls. Especially is this the case in households that are suffering very close to the wind.

The parents' excuse is that they don't want to lay their burdens on the young shoulders, and that they don't want their sons' and daughters' childhood marred by the worries of money and the anxieties for the future which darken their elders' days.

So, in many families, a style of living is kept up which cannot be afforded. The girls have pretty clothes, parties, and the boys go to college, and have a liberal spending allowance, and then suddenly there is a crash. The over-extended credit breaks, or father dies, and the children find themselves plunged in want.

They have supposed themselves comfortably well off, if not actually rich, and have been permitted to form the habits and cultivate the tastes of wealthy people, and when they find out that their parents have tacitly deceived them into this false security they have a right to feel that they have been given a most unfair deal.

Parents should be honest in this matter with their children. Children should be brought up in strict accordance with their means, and when a father and mother have no fortune to bestow upon their boys and girls, they should teach them from their earliest infancy lessons of thrift and industry, and make them understand that when they are grown they will have to depend absolutely upon their own efforts.

Nothing could be more dishonest to a child than to let it grow up with a false and wasteful notion, and then turn it out upon the world with empty pockets.

No honest parents fear the effect it will have upon a child to tell it honestly of the family needs and anxieties about money. Nothing will do more to strengthen and develop a boy and girl's character than to make them feel that they

GASOLINE ALLEY—SHOPPING NOTES.

are a responsible part of the family unit and an active factor in its success.

CHRISTMAS PROGRAMME.

SANTA MONICA, Dec. 21.—The Santa Monica Bay Woman's Club

will present a Christmas programme to the citizens of Santa Monica tomorrow as a Yuletide gift to the community.

The concert will take place in the clubhouse. All the members of the music section will sing. Mrs. Edith Scott-Burritt and

Mrs. H. Wilson Levegood, section chairman, will be the leading singers.

The clubhouse is profusely decorated in holiday attire. Poinsettias and holly with an abundance of evergreen are used in decoration.

LETTERS TO "THE TIMES"

It Shall Not Happen.

LOS ANGELES, Dec. 18.—(To the Editor of The Times:)

In the letter of Louis Shanks, to The Times, he gets all "hot up" telling us The Times in casting innuendoes at those noble shining lights of moral and spiritual grandeur who grace their high places as we the League-fighting Senators.

He infers that if The Times could set up sufficient courage it would probably label them traitors, so terrible is that paper's wrath against those visionaries sufferers. He is right, dear old Times, don't be hard on them. Some of them are having awkward times, anyway.

The skeleton is rattling rather loudly in the closet of Senator New from Indiana, just now. He needs a lot of time to cover him. We will pass over the subject of Newberry. A man is innocent until he is proven guilty and his trial isn't over yet.

As for Johnson we ought to know him. Like father like son, "You can't make silk purses out of a sow's ear."

As the wife of an American volunteer, who fell very early and was mortally wounded at Chancellorsville, I feel I have a right to ask our friend, Louis Shanks, what he did for his country during the war?

He called our splendid President "an agile-minded phrasemaker who dreamed up the phantasmagoric corollary of the League of Nations," and he sprinkles his remarks with a few "damns and damnations."

I have noticed that those who talk the most about "Americans for America" and "Americanizing the treaty" have done the least for their country in the war. Why should the treaty be "Americanized" any more than Anglicized or Italianized or Japicized. It is an international affair founded on justice to all, and a distinct departure from the old regime of separatism and "might makes right."

If America can't make up her mind to accept a new order of a higher and broader brotherhood among men, let her stay out, let her realize that she, the proud standard-bearer of justice and of humanity, has failed a waiting world and can no longer carry the light of spiritual leadership.

It cannot be possible that America will allow a few willful men to turn

DIAMOND BOWKNOTS

AMONG the surpassingly beautiful diamond creations shown by Brock & Company—and there are many remarkable originations this holiday season—are the diamond paved "bowknots."

These very new and wondrously fashioned productions of the jewelry artificer are in platinum mountings with beautiful blue white diamonds. There are also calibre sapphires, calibre emeralds and calibre onyx bowknots, all exquisitely designed and finished.

The scintillating brilliancy of the gems—beautiful blue white stones—and the marvelous lace-like construction of the bowknots, wherein the ribbon effect is so skillfully and amazingly reproduced, bring expressions of wonderment and admiration from our visitors.

Brock and Company are told that their exclusive and distinctive collection of diamond bowknots is the richest and most attractive displayed in the Southland.

DIGIT-WEARY TICKET

MAID WANTS ACTION.

TIRIED OF HANDLING PENNIES, SHE WOULD ADD NEW COINS TO UNCLE SAM'S LIST.

List to the pitiful plight of the movie cashier whose digits have grown weary in shuffling the war tax on theater tickets. She is complaining because the thousands of pennies that pass daily through her fingers are giving her rheumatism. She wants the matter simplified by adding two new coins to American monetary values, a 2-cent piece and a 10-cent piece.

The registered complaint of the digit-weary cashier is supported by a kick from the National Association of the Motion Picture Industry, which is sponsoring two bills in Congress to create the new coins. The association states that since the enactment of the revenue bill, on admissions to theaters the bother caused by heaping pennies in the box office has made it necessary to raise the price of admission, thus simplifying the making of change. It is declared further that the delay in making change often causes a great annoyance and inconvenience to theatergoers who are forced to stand in long lines in inclement weather while the cashier juggles the war-tax pennies.

DEVELOPS LAND KINK.

Service Board Has to File Suits to Get Land It Owns.

A peculiar kink has been found in municipal affairs regarding the sale of lands which, in years past, were acquired by the city, with the title resting in the then existing "Board of Public Commissioners."

With the adoption of charter amendments, this board passed out of existence and the Board of Public Service Commissioners was created; but title guarantee companies hold that the charter does not specifically state that the latter board supercedes the old board and its title in lands.

It develops upon this situation that when the present board undertakes to sell lands, with title resting in the old board, suits have to be started to quiet title. One case of this kind was before the board at its meeting yesterday, causing a discussion of this peculiar situation.

NOTED EDUCATOR HERE.

Head of "Boston Tech" Will Be Guest of Alumni at Dinner.

Most of the 185 local graduates of the Massachusetts Institute of Technology, popularly known as "Boston Tech," will be present tomorrow evening at a dinner at the University Club in honor of Prof. Alfred E. Burton, dean of the institution, who is a guest of friends in Los Angeles.

The professor has come to California in an effort to assist in the drive his school is making for funds to meet the increased cost of conducting the institution, because of the greatly increased attendance.

"Mysterious Mr. Smith," who has already given the Institute \$7,000, has offered \$4,000 more if the alumni raise a like amount. "We have \$2,000,000 now pledged," said Prof. Burton, "and I am confident that the rest will be subscribed before the time limit expires on January 1."

The school's finances have been improved recently by a gift of \$5,000, included in the will of the late Henry C. Price, and also the leading business corporations of the country have subscribed \$10,000 a year each as a retainer fee for use of the Institute as research authority.

PERTINENT PULPIT PARAGRAPHS.

DR. JAMES A. FRANCHI.
FIRST BAPTIST CHURCH.
"A humble mother—a little child—
meek, unassuming—just a birth,
one of unnumbered millions. Why
how has this child changed the
streams of history and remade the
map of life? What did he bring
that could become such an immeas-
urable dynamic to our race?"

"He brought a demonstration of
the likeness between man and God.
The ancient scriptures read that
man was made in God's image. No
one ever guessed how much that
meant until God came in man's
image. Jesus was God at home in
the flesh."

Second—He unified all previous
knowledge of God. He gave through
prophecy, seers, etc., in one full
erudition of the Divine. He did
not contradict or add to previous
revelations, but corrected, amplified
and filled them out into a great
unity. He put together the disassembled
map of God."

Third—He brought home to men
God's way of dealing with sin, the
combination of an infinite justice
with an infinite tenderness. He
with love that reached down to hell
and high as God's own character,
and patience eternal."

Fourth—He revealed the possi-
bilities of beauty and power for hu-
man life. The world never knew how
wonderful man was or could be un-
til the Son of Man came."

Fifth—He revealed how com-
pletely this life and that to come are
one piece. Standing by the grave of
a friend, he said: "He is asleep, I
will wake him up." Our word cen-
sured (a sleeping place) is part of
the literary cognate of Christianity.
The same that festival was called or in
whatever land it was held. And there
is the spirit of joy, believed in by
the pious and forbidden by the
church until the time of Gregory
the Great. Then there are the two
great essentials which are distinct-
ly Christian: Peace and unselfish-
ness. On Christmas we quit being
dead souls and try the experiment
of being ardent wells for awhile,
and this is what makes Christmas
beautiful and holy and blessed."

DR. CHARLES EDWARD LOCKE.
FIRST METHODIST CHURCH.
"This happy season of the year
always brings out all too many per-
sons who are against the established
order. There are some folk who lay
awake nights to concoct some theory
of change. They want to be sen-
sational if possible and start a revo-
lution. If they had their way they
would have the sun set in the morn-
ing and rise in the evening; they
would change white to black and
black to white; they would make the
fathers the mothers and the moth-
ers the fathers; in fact, they would
reverse conditions as they are for
no logical or useful reason, but just
because they are out of harmony
with people and things as they are."

"Perennially, these croakers and
materialists and misanthropists make
their December attacks on old Santa
Claus. Some pronounce a belief in
Santa Claus as 'the biggest piece of
foolishness ever invented,' but in
their fossilized old age they have
forgotten that they were ever them-
selves children, and are as stupid as
not to have discovered that the fine
old fellow with his bag of gifts is
here to stay, and that unto the end
of the chapter young and old will
delight in the charming foolishness
of a confident belief in old Santa
Claus."

"Let all revolutionary pessimists
and all people who have forgotten
that they were ever children, take no-
tice that Santa Claus is immortal. He
has come to stay."

DR. WILHELM MARTIN.
HOLLYWOOD FIRST METHODIST
"Worship grows out of apprecia-
tion. The more Christ means to us
the profounder will be our spirit of
reverence. If we felt that we were
in the presence of the holy and the
lovely, we would not be so careless
and unconcerned. We cannot appre-
ciate womanhood and treat any
woman within anything less than
courtesy. We cannot appreciate
childhood and not feel like taking
off our hats in the presence of every
child, because we are in the pres-
ence of a new world of personal
possibilities. Thus the spirit of
Christmas is the spirit of civility, it
teaches us to pay homage to a
peasant woman because she is the
mother of men. It teaches us to pay
our arm of care around the child be-
cause he needs protection. Christmas
is the time when true neighborliness
is in flower. Coarseness, littleness and
meanness never seem as despicable
as at the Yuletide. Then it is that
all men and women try to wear the
blue flower of thoughtfulness and
kindness. The spirit of Christmas is
the spirit of love, good will and
service. If life is above selfish aims
and desires and makes us seek to
make others more comfortable and
safe and happy. It prompts us to
make gifts for the little children as
we have no one to think of them. It
leads us down with laden hands
into the hovels of poverty to bring
love's benediction of true neighbor-
liness. The most beautiful spirit in
all the reaches of time is the spirit of
Christmas."

RAHBY EGAR F. MAGNIN.
CONGREGATION B'NAI B'RITH.
"I am a firm believer in the idea
that every man finds his proper
place in life ultimately. There may
be a few exceptions to the rule.
Moreover one may not arrive at his
place immediately. It is for the
latter reason that men become dis-
couraged, fret and fume, complain
and sometime get into bad hab-
its. One must have patience and
stirve and work without the thought
of reward or goal. The reward will
come; the goal will be attained. We
must learn to love our work, do each
day's task in a clean and thorough
manner. This is the key to suc-
cess. The world will pay any price
to get just the man to do its work
who can do it better than the aver-
age. I say to every young man,
dream and see visions and be trust-
worthy and even as Joseph of
old was finally taken out of the
dungeon and elevated to a high rank
so will you ascend just as high as
your brain is big and your heart is
good. Both elements, ability and
character, are necessary for suc-
cess. Character alone, however, will
cover a multitude of evils, for the
world wants men it can trust im-
plicitly."

DR. GEORGE A. ANDREWS.
PLYMOUTH CONGREGATIONAL.
"On this anniversary of the heral-
d's announcement, selfishness is
still retarding the promised peace.
Pettishness playing politics de-
lays the ratification of the treaty of
peace. Profiteers, having made more
profits of late than ever before in
the history of business, continue to
put up the prices that they may
make more. Laborers, enjoying
more prosperity than ever before
in the history of labor, demand
higher wages that they may have
more. The thoughtless public,
wearied of sacrifice and privation,
pay without question the prices de-
manded, determined to have what

they want when they want it
whether they can afford it or not.
This pursuit of selfishness creates
indifference to the welfare of others.
The clash of the self-seeking inter-
ests breeds bitterness, envy and
hatred. So the peace is delayed.
"Yet we are remembering with
faith the announcement of 'Peace
and good will among men.' We are
celebrating with joy the birth of the
Christ who came to bring the
peace."

DR. HERBERT BOOTH SMITH.
IMMANUEL PRESBYTERIAN.
"There were Christmas days be-
fore Christmas—but the spelling
of one word makes all the differ-
ence. Let us celebrate this Christ-
mas as the word with a long 'T'
means an acceptance of the gospel.
Christmas, for a Christmas without
Christ would be nothing but a health-
festivity or a dressed-up modern
clothes. We have no controversy
with those who say that December
25th is not the correct date for the
wonderful event which took place
in the manger at Bethlehem. Pos-
sibly they are right but Christianity
does not pin its faith in Christmas
to a season but to a spirit and what
we need to pray for is a Christmas
heart and an adjustment of the
calendar. Let us Christianize our
Christmas!"

"Amid all the superficial over-
lading of the day, let us invite
Jesus to be the guest of honor at
His own birthday party. Let Him
remind us of the fundamental facts
on which His celebration is based.
There is the spirit of worship, for
example, always associated with the
festival of December 25th by our
heavenly ancestors, by whatever
name that festival was called or in
whatever land it was held. And there
is the spirit of joy, believed in by
the pious and forbidden by the
church until the time of Gregory
the Great. Then there are the two
great essentials which are distinct-
ly Christian: Peace and unselfish-
ness. On Christmas we quit being
dead souls and try the experiment
of being ardent wells for awhile,
and this is what makes Christmas
beautiful and holy and blessed."

REV. E. F. DAUGHERTY.
FIRST CHRISTIAN CHURCH.
"In saying 'whoever would save
his life shall lose it, but whoever
shall lose his life for my sake, the
same shall find it' Jesus spoke the
fundamental principle in his philo-
sophy of life."

"Unconditional surrender to God
is there specified as the essential
condition of acceptance by Him; the
unchanging truth is emphasized that
selfishness defeats its own aim, while
unselfishness is life's wisest policy."

"This is the supreme test of con-
formity to the will of God, the test
of sacrifice; sacrifice is one's life
and one's all in prospect, posses-
sions and preferences—as a rare
thing in the ranks of living men and
women; yet it is a real thing in the
life of our time, and those who lay
hold on it are the inspirational fig-
ures of our day."

"Individual instances of this test
being met in all completeness may
be seen by the score and hundred—
the instances embracing mothers,
fathers, patriots, doctors, reformers,
nurses, teachers—there is hardly a
path of life wherein we may not find
those who have counted their
lives not dear unto themselves, but
have given all in sacrifice for the
things they held best and highest.
Their story is the chronicle of the
heroism which never fades from in-
trepid human breasts."

"In the world of our time Christ
lives again, in just the measure we
have his mind toward others, in us;
He lives today more vitally than
ever before, for the reason that
larger multitudes have tested and
found his methods of conduct right."

DR. RAY C. MARKER.
WEST ADAMS METHODIST.
"Think of the fullness of affection
in Christ. He carries the agonies
of the race in his heart of sorrows.
Every widow's wail, every orphan's
cry, every soul's anguish, every sin-
ner's agony finds a place in Christ's
pitiful heart. His love pities the
mother of men. It teaches us to pay
our arm of care around the child be-
cause he needs protection. Christmas
is the time when true neighborliness
is in flower. Coarseness, littleness and
meanness never seem as despicable
as at the Yuletide. Then it is that
all men and women try to wear the
blue flower of thoughtfulness and
kindness. The spirit of Christmas is
the spirit of love, good will and
service. If life is above selfish aims
and desires and makes us seek to
make others more comfortable and
safe and happy. It prompts us to
make gifts for the little children as
we have no one to think of them. It
leads us down with laden hands
into the hovels of poverty to bring
love's benediction of true neighbor-
liness. The most beautiful spirit in
all the reaches of time is the spirit of
Christmas."

NEWS IN BRIEF FROM NEIGHBORING TOWNS.

IMPORTANT HAPPENINGS OF A DAY TOLD IN SHORT PARAGRAPHS.

LOCAL CORRESPONDENCE

REDONDA BEACH.—A hungry thief entered the Central grocery store here by breaking open a rear window. He helped himself to a bill of groceries amounting to nearly \$100 according to a report received by the police. After entering the window and rifling the cash register, taking the groceries, the intruder made his exit by the front door and left it open. Nine pounds of coffee and fruit cake were among the items taken.

REDLANDS.—Prominent citizens have sent a telegram to Congress asking that both President Wilson and the peace treaty be kept out of reach of compromise and kept the peace treaty. The Congressional Church has issued resolutions urging a compromise and copies of it were sent to President Wilson and California Senators and Congressmen.

BAKERSFIELD.—Fire yesterday destroyed the general warehouse of the Southern California Edison Company, seven miles above Kernville, on the Kern River. The warehouse was used as a general supply depot for the company's extensive operations on the river in connection with the construction of its great power plant. The loss will run into many thousands of dollars.

VISALIA.—Special plans for improvements to be extended over the ensuing year will have the consideration of the officers and members of the Board of Trade, in accordance with a booklet which has been issued, setting forth the program in detail. The more important projects are a modern hospital, more street paving, junior college course in high school, public auditorium, better housing facilities, and study of taxation systems.

PORTERVILLE.—Bids have been called for the construction of the Porterville-Woodville-Poplar unit of the county highway system, which on its completion, will give Porterville paved roads leading into all parts of the county.

The road will run six and one-half miles west past the Poplar settlement, thence north two miles and thence three miles west into Woodville.

POMONA.—For the first time in the history of the industry, Valencia oranges from the Pomona Valley

Los Angeles County---South of Tehachepi.

GIVES DOCTOR FEDERAL POST.

Pasadena Physician Honored by Government.

Everybody Work is Cure for High Prices.

Art Critic Compliments the Southland.

PARADENA, Dec. 21.—Dr. J. S. Hibben, Pasadena City Health Officer, has been honored by the United States Public Health Service, receiving an appointment from Surgeon-General Rupert Blue as "assistant collaborating epidemiologist."

This appointment will interfere with his duties as City Health Officer. He will assist the United States Health Service when occasion requires in tracing the source of infection. The appointment carries with it a salary of \$1 a year.

Maximum work by everybody, workers and bosses, too, is urged by A. B. Kuppenheimer, Chicago clothing manufacturer, who has arrived at the Maryland for his annual winter stay in Pasadena, as the only antidote for high prices.

Mr. Kuppenheimer says this holds good, not merely for the clothing industry, but for all lines. He says all workers ought to forget demands for shorter work-days until the present world shortage of goods is over. Then, he says, prices will come down. The peak of high prices has not yet been reached, in his judgment.

ART CRITIC HERE
William Howe Downes, art critic of the Boston Transcript, is a winter visitor in Pasadena. He is a guest at the home of his son, Carl S. Downes, in Throop College, 111 North Michigan avenue.

"The immaculate cleanliness of Southern California cities and freedom from smoke and soot are among the chief charms to an easterner," said L. Downes.

Mr. Downes is a veteran art critic and newspaper man. He has written a number of books about art.

LEON V. SHAW IN U. S.
Leo V. Shaw, Pasadena banker, who has been in France for many months helping to win in the overseas affairs of the T. M. C. A., has landed in New York from Paris and is expected home in a few days.

Mrs. Shaw was beginning to worry about the safety of Mr. Shaw's steamer, the Canada. It left Marseilles December 3 and did not reach port until yesterday. The vessel encountered heavy storms on the Atlantic.

CAMP ON OFFICE DOORSTEP.
A half dozen men started waiting last night on front of the Tournament of Roses ticket office in the Chamber of Commerce Building for the opening of the ticket reservations for members of the Tournament Monday morning. When the reservations begin tomorrow morning they will have waited in line two nights and a day. Tournament members will get their seat reservations tomorrow and Tuesday, the general sale of seats opening after the members' tickets have been secured. A representative from the Los Angeles Athletic Club, many of whose members are members of the Tournament, holds the first place in the line. A representative of the

Overland Club, Pasadena, is second in line.

Nearly two hundred customers daily visit Grace Nicholson's Famous Oriental Shop in Pasadena and most of them buy gifts that are sure to please. If you are still wondering just what to give him or her bring your list along and let Miss Nicholson help you solve the problem.—(Advertisement.)

Right here in Pasadena, ten floors of new furniture at attractive prices. Pasadena Furniture Co.—(Advertisement.)

SPANISH SWINDLERS OPERATE OLD GAME.
LOS ANGELES HARBOR, Dec. 21.—Bunco men in Madrid, Spain, are still looking for easy marks in the harbor district with the time-worn "Spanish swindle" game. The game was operated here by mail before the war and was revived about a year ago. A new batch of letters was turned over to the postal authorities here today.

The letters sent to residents of the harbor are all the same, telling of an American in prison in Spain, with a fortune which has been seized by the courts. In a secret pocket of the portmanteau are checks for \$348,000. One-third of this sum is promised the person addressed if he or she aids the man financially to get out of prison. No one has yet been caught by the scheme.

CRIME CARNIVAL AT LONG BEACH.
Burglars Blow Safe in Church Basement.

Removed Strong Box from Shoe Store.

Six Residences and Three Stores are Entered.

Long Beach, Dec. 21.—Crackmen early this morning broke the rear door of the Kafeteria Shoe Store at 448 Pine avenue, loaded the safe on a cart and blew it open in the basement of the new First Christian Church, under construction at Fifth street and Locust avenue. Between \$1300 and \$1500 was secured in cash and negotiable paper.

The police estimate that five men at least were connected with the burglary which was not discovered until 9 o'clock this morning. It took five policemen to get the remains of the strong box to the City Jail.

The job was the first of its kind to occur in Long Beach in many years and was the most spectacular event in connection with a wholesale invasion of crooks and burglars who, between the hours of 10 o'clock last night and 5 o'clock this morning, entered six residences and three business places.

The burglars secured little of value at the other visits. The Leader Dry Goods Store, 244 Pine avenue, and the Palmer Bakery, 123 West Broadway, were among the places entered.

Thieves broke into the home of H. H. H. 1140 Atlantic avenue, and escaped with a lady's gold watch and considerable feminine wearing apparel. Two men believed to have been the burglars were seen leaving the premises on a motorcycle.

Miss Cora Bursell, of 504 Melrose avenue, reported to the police over the telephone at 4 o'clock this morning that a robber was operating in her home. The burglar grabbed up all of Miss Bursell's clothing in sight, including a suit of underwear, and escaped before the police arrived.

Other homes entered were those of G. W. Lavender, 1211 Elm avenue, R. Phillips, 1550 Pacific; Mrs. G. Lafrance, 1324 American avenue, and a residence at 540 Walnut avenue.

It is a well-known fact even among crooks, apparently, that Long Beach is probably the most under-policed city for its size in the West.

There are only nineteen regular uniformed patrolmen for all three shifts for a population of 60,000 souls. According to the average, Long Beach should have a force of at least sixty uniformed.

Legislation is now pending before the City Commissioners calling for a raise in the pay of officers. Owing to the low wages now in force, needed men cannot be secured.

VALLEY DEVELOPMENT.
Irrigation Projects Planned for Apple Orchards.

LOCAL CORRESPONDENCE:
MENTONE, Dec. 21.—Material for water projects in the Yucaipa Valley is beginning to arrive here. Three water companies in the valley are planning to spend about \$100,000 within the next year in improvements and extensions.

The South Mesa Water Company is planning to complete the water system there at a cost of from \$10,000 to \$50,000. The completion of the system will depend to some extent on the ability of the company to get the material.

Water Company No. 1 is to spend about \$50,000 in extending the pipelines and in sinking wells. Capt. P. S. Hasbrouck is to be in charge.

The Dunlap Ranch Water Company will spend about \$10,000 in sinking wells, building pipe lines and building reservoirs.

By BRIGGS.

Oh, May.

LET'S GET DOWN TO BUSINESS—WE ARE RUNNING LOW ON FUNDS—WE HAVE ONLY \$60,000,000 IN THE BANK

FOR CHRISTMAS OBSERVANCES.

Community Service Body
Plans Celebrations.

Thirty Thousand Persons are
Expected to Attend.

Two Programmes Arranged
for Pershing Square.

Thirty thousand persons are expected to attend a dozen celebrations being arranged for the week by Community Service, Inc., co-operating with the park and playground departments and the Board of Education. Two big public meetings scheduled for Pershing Square on Christmas Eve and Christmas night promise to be novel community gatherings. Community singing will be a feature of every gathering, and motion-picture machines will be used to project the words of each song.

The complete Community Service programme for the week follows:
Monday—Echo Park Playground, 7:45 p.m.: Christmas tree, motion pictures, community singing; L. S. Pitcher, director.

Tuesday—Violet-street Playground, 7:30 p.m.: Christmas tree motion pictures, "Eastville Susan," courtesy Miller's Theater; community singing, C. C. Cornwall, director; Jubilee Singers from Fifty-first-street Evening School; neighborhood drama, Spanish dances; nine neighborhood houses joining in celebration.

Santa Fe—avenue Evening School, 7:30 p.m.: Christmas tree, community orchestra, dancing, singing.

Harvard Playground, 7:45 p.m.: Christmas tree, motion pictures, community singing.

Wednesday—Pershing Square, 7:30 p.m.: Christmas tree, concert by Gregory's Band and Grand-avenue School chorus; community singing; L. S. Pitcher, director.

Enlisted Men's Club, Ninth and Grand, 8 p.m.: Dance.

Lincoln Park, 7:30 p.m.: Christmas tree, community singing.

Thursday—Pershing Square, 7:30 p.m.: Christmas tree, motion pictures, concert, Liberty Club Ex-Servicemen's Band; Trinity Methodist Choir; Trinity Orchestra, Thomas Taylor Drill leader; soloists, Ora Carew, Alma K. Moss, W. A. Steffen, J. Ben Wheatly, W. L. Mueller, G. Hard Jones, Prof. Arthur Blakely, accompanist.

Lincoln Park, 7:30 p.m.: Christmas tree, singing, Relief group; Avenue 21 Improvement League.

Armory, Exposition Park, 4 to 7 p.m.: Christmas tree for American Legion, story-telling for children, dancing, dinner for needy families of ex-service men.

Saturday—Enlisted Men's Club, 8 p.m.: Dance for ex-service men. Community singing at orphan asylums during afternoon.

NOTED AUTHOR DIES.

(BY A. F. NIGHT WIRE)
AVALON (Santa Catalina Island)
Dec. 21.—Donald A. Wood-Sey, English author and traveler, died here today after a brief illness. He was 63 years old. He is survived by a daughter, Mrs. M. L. Burdick of San Francisco, also an author, who uses "Paul Cushing" as her pen name.

Christmas— and 52 Happy Washdays A Year

To you, washday means simply—clean clothes. To your wife, if she has only an ordinary washing machine, it means many hours over the tub and an aching back. Even if she has a laundress it means continued trouble.

Because you and all the family must have clean clothes and fresh linen, your wife must have washday. But she need not have the drudgery of it.

She can do a whole week's washing in an hour; she can have perfectly clean clothes that have been washed without the slightest wear or tear. She can avoid the fatigue of washday. All this can be accomplished at the weekly cost of but a few cents.

BlueBird—the Ideal Christmas Gift to your wife.

Make such a washday possible for your wife. Give her the Christmas present that will mean happiness and economy fifty-two times a year. Give her BlueBird.

BlueBird is strongly constructed; the mechanism is simple and dependable. The white cabinet which encloses the machine gives added sturdiness to

BlueBird and protection to the user. The copper tub is extra large. The large power-driven wringer swings to any position; it is automatically adjusted to light or heavy articles.

Clean clothes that last longer

BlueBird wash wears five times longer than clothes cleaned on a rub board. The inside of the copper tub is perfectly smooth; there are no pegs, slats, holes or projections to tear the clothes. There is no friction to weaken the fabric.

The oscillating motion of the tub simply whisks the clothes back and forth through soapy water. Heavy blankets and georgette crepe blouses are cleaned with equal success. A tubful of clothes is washed in ten to twenty minutes.

You can put BlueBird into your home for seven dollars, completing the payment in convenient monthly sums.

Come in and see how BlueBird washes—or better, arrange with us for a demonstration in your home on your family's washing.

To insure a proper demonstration and a perfect service after purchase, we have carefully selected and limited the number of dealers from whom Blue Bird can be purchased.

The leading electrical merchants listed below will gladly demonstrate this perfected clothes washer in your home without the slightest obligation to you.

Dr. Boswell's
Chiropractic
Adjustment
will eliminate the
cause of DIS-EASE

When I think of a vertebra being adjusted
I think of a vertebra being adjusted
which I do in a manner that is no
different from the chiropractic adjustment by restoring
the spine to its normal position and thus
eliminating the cause of DIS-EASE.

AP

Dr. Boswell's Chiropractic Adjustments will eliminate the cause of DIS-EASE

1. Slight subluxations at this point may cause so-called headaches, eye diseases, deafness, epilepsy, vertigo, indigestion, very weak, facial paralysis, locomotor ataxia, etc.
2. A slight subluxation of the vertebrae in this part of the spine may be the cause of so-called throat trouble, hoarseness, pain in the shoulders and arms, gastric, nervous prostration, in grippe, dizziness, bleeding from nose, disorder of lungs, catarrh, etc.
3. The arrow head marked No. 3 locates the part of the spine where subluxations may cause so-called bronchitis, pneumonia, tuberculosis, asthma, emphysema, etc.
4. A vertebra subluxation at this point may cause so-called nervousness, heart disease, asthma, pneumonia, tuberculosis, difficult breathing, other lung troubles, etc.
5. Stomach and liver troubles, enlargement of the spleen, pleurisy and a score of other troubles, so-called, may be caused by subluxations in this part of the spine, sometimes as light as to remain unnoticed by others except the trained Chiropractor.
6. Here may be the cause of so-called gall stones, dyspepsia of upper bowels, fevers, shingles, rheumatism, etc.
7. Bright's disease, diabetes, floating kidney, skin diseases, boils, eruptions and other diseases, so-called, may be caused by nerves being pinched in the spinal openings at this point.
8. Regulations of such troubles as so-called appendicitis, peritonitis, lumbago, etc., follow Chiropractic adjustments at this point.
9. Why have so-called constipation, renal troubles, sciatica, etc., when Chiropractic adjustments at this point of the spine will remove the cause?
10. A slight stoppage of one or both lumbar bones will likewise produce so-called sciatica, together with many "diseases" of pelvis and lower extremities.

Each of a vertebra being subluxated or displaced, I refer to its being separated more or less from the one above and below in varying degrees until the nerve pressure is adjusted away. I use only my hands to make such adjustment in a manner that is no part of the teaching or practice of any other health form of an earlier origin than mine.

Automatic adjustment by restoring normal action to these nerves supplies new life force to the weakened organs of the body.

SEND IT TO YOURSELF AND FAMILY to investigate this wonderful science and find out how you may receive ONE MONTH OF ADJUSTMENT FREE. If you want the best in the art, call and see me.

TAFT WELLS TO BE DEVELOPED.

Old Boust City Property to be Opened at Last.

Never Worked, Yet Wells Produced Near By.

Litigation Ends, Rich Field Acquired by Company.

(SPECIAL CORRESPONDENCE.)
BAKERSFIELD, Dec. 19.—After being tied up for years in litigation one of the most valuable oil properties in the Midway fields is to be developed. The property is the old E. J. Boust land on the hill south of the business district of Taft and is surrounded by hundreds of valuable producing wells owned by the big companies.

The land was located by the late E. J. Boust in 1901 before Taft was founded and long before the district became famous as the greatest oil producing center in the State. Later squatters questioned the right of Boust to the property and many houses were put up. After carrying the matter to the courts, Boust was given a favorable decision and was awarded not only the property but all the improvements placed thereon.

Instead of being developed for oil.

BAYOU OIL & GAS CO. AT \$1 PER SHARE

Under Cal. Permit No. 8286
As a speculative issue it is worthy of consideration. Your orders will be appreciated.

LOOK FOR GOOD COPPER DEMAND.

United Verde Owners Against Production Cuts.

Extension Tunnel Operating with Ore Trains.

Coal Strike Difficulty is Being Solved Fast.

(SPECIAL CORRESPONDENCE.)
JEROME (Ariz.) Dec. 19.—The largest degree of optimism is manifest in this camp, despite the slow copper market. Property is as good as sold. The doubling of the United Verde's capacity and its great shoveling operations, while President Douglas of the United Verde Extension emphatically denies that his company will attempt any further abridgement of production.

The great Extension tunnel has been put into operation without a semblance of ceremony and ore trains are running through it to the Verde smelter, though the ore pocket and extension of the 1200 station are not quite complete. The old tramway on the hill is still operating to clear the ore bins. The coal strike has hit the Extension hard, for it needs coal not only for power, but for fuel for its reverberatory, consuming about 100 tons a day.

Eight hundred tons were borrowed from the United Verde and now it is hoped that regular supplies will be had from New Mexico. The production this month will be around 3,500,000 pounds, about the same as October. In November, owing to a caving of the smelter roof, it was cut to 3,000,000 pounds. The ore is averaging about 16 per cent. copper, but Mr. Douglas states it is planned to handle ore of lower grade. No metal has been marketed for months.

The resident states he had arranged a contract to ship 1,000,000 pounds a month to France, through New Orleans, and that the ore is expected to be brought in at an early date with a production of at least 100 barrels daily. The Standard already has many big prospects adjoining on the north, while the Producer's Guaranty Oil Company and the Traders Oil Company are on the west, and the Jameson Oil Company on the east, with the famous Twenty-five Hill district looming up with its many derricks at the south.

MUCH COAST OIL MONEY GOING EAST.

BUT ENGINEER DECLINES OFFER. PORTUNITIES ARE BETTER THAN EVER HERE.

Walker Clute, local geologist and petroleum engineer, returned to Los Angeles yesterday after a seven week tour of the oil fields of Texas, Louisiana, Oklahoma, Kansas and Kentucky. He reports the new fields at Homer and Bull Bayou, La., in Allen county, Ky., the Elkins-Peabody district of West Virginia, and the famous Ranger, Deadwood and Burketts as well as the Texas-Pecos country of Texas, and Howell, N. M.

Mr. Clute represented California interests in some of these districts and had occasion to note the unusual amount of Pacific Coast capital that is entering the mid-continent. This is to be expected, he stated, in view of the excellent results obtained by relatively inexpensive drilling, the high prices paid for oil, and the apparently unlimited extent of possibly productive territory, though detailed selection of land for drilling cannot be too carefully made, he stated, in conclusion.

Western capital, however, in his opinion, can be employed in the California fields more profitably now than ever before. Contrary to popular belief, he says, by no means being "drilled up," according to Mr. Clute.

OHIO-ARIZONA WILL DRIVE NEW TUNNEL.

OTHER DEVELOPMENT WORK IS PLANNED BY COMPANY TO IMPROVE WORKINGS.

(SPECIAL CORRESPONDENCE.)
TUCSON (Ariz.) Dec. 19.—The Ohio-Arizona, in the Bull Bayou district, is nearing 100 feet depth in its main shaft and will drift, though the shaft will be continued down to the sulphide zone. At 155 feet the ore mainly is carbonate, carrying 5 per cent. copper, 10 per cent. lead and twenty ounces silver, across eight feet. An 800-foot tunnel is to be driven for better working facilities, striking the shaft at 400 feet depth. The company is an Ohio one, headed by Charles M. Siebert, Jr., of Columbus. Fred J. Siebert of Reno is consulting engineer and E. T. Collins of Tucson, superintendent. The mine is near the mouth of the El Tiro, which has just declared a special Christmas dividend.

The old Star property, five miles southwest of Tucson, has been leased by A. L. Pellegrini to George Johnson.

INCOME REPORTS.

Shattuck-Arizona Falls to Find Copper Ore Reserves.

(SPECIAL CORRESPONDENCE.)
RHEBEN (Ariz.) Dec. 19.—Shattuck-Arizona's last quarterly report gave gross income of \$116,424 and net of \$54,393. Development work totaled 714 feet, mainly drifting through hard limestone, without adding to the copper ore reserves. In the Lowell shaft of the Copper Queen, drifting has been started on the 1500-foot level, to cut a sulphide body found on the level above.

Northeast of Douglas the holdings of the Hill Top Metals Company are being geologically examined by Prof. L. D. Hutton, formerly of Yale. Dr. Charles Barkley of Columbia. Plans are being made for a small smelter and for railroad connection, either the Southwestern or Southern Pacific.

STANDARD PLANS WORK.

Extensive Texas Developments Looked for From President's Visit.

(SPECIAL CORRESPONDENCE.)
HOUSTON (Tex.) Dec. 19.—It is stated here on trustworthy authority, that as a direct result of the inspection trip which A. C. Bedford, president of the Standard Oil Company of New Jersey, and W. C. Teague, vice-president, are now making of the different oil fields of Texas, the operations of that company in this State are to be greatly expanded.

This may be brought about by the absorption of holdings of smaller interests that are now on the market, but the programme that is under consideration also includes a more active drilling campaign, the construction of additional pipeline, building new refineries and increasing the marketing facilities.

During their tour of the Gulf Coast fields, they inspected the properties of the Humble Oil and Refining Company, in which the Standard Oil Company owns a half interest.

MILLIONS MADE IN FEW MONTHS.

Newspaper Man Plunges; Big Clean-up is His.

Now has Company Capitalized in Eight Figures.

"Tip" on Coming Gusher Leads Quickly to Wealth.

(SPECIAL CORRESPONDENCE.)
RANGER (Texas) Dec. 19.—B. P. Balentine, who came to Ranger less than eighteen months ago with a few dollars in his pocket, has just stepped into the front rank of oil operators by organizing a \$10,000,000 company in which he is the principal stockholder. Mr. Balentine has been at the head of the Ranger Oil and Gas Company since it was organized from the first producing wells that he owns and extensive lease transactions he has accumulated a fortune of several million dollars during the last few months.

Mr. Balentine does not hesitate to say that he is as much surprised as any one else to find himself a millionaire. When he arrived in Ranger he was a newspaper correspondent. He came to oil development news for several Texas newspapers. His previous experience at reporting had been in Pittsburgh, Pa., where he was on the staff of two or three of the local newspapers at different times.

GOT GOOD "TIP".

In the course of time Mr. Balentine made the acquaintance of most of the men who were operating in this field. He knew the "rough-necks" as well as the men of capital. It was through the confidence given him by a drifter one day that Balentine was enabled to make the first stroke that marked the beginning of his sudden rise to fortune. The first well on the tract of land owned by Eliza Hoper, 145 acres, was being drilled by the Ranger Oil and Gas Company. Mr. Balentine received the quiet information that it was about to be struck.

He went to see Mr. Hoper, who owned the oil royalty on the land on which the well was being drilled. "How much will you take for one-quarter interest in your royalty on the 145 acres?" he asked.

"I think '175 an acre would be about right," was the reply.

Mr. Balentine was busy with pencil and paper for a minute. "That amounts to \$25,375," he said.

TOOK A CHANCE.

"I'll tell you what I will do," continued Mr. Balentine. "I'll have the little examined immediately and if it is good, of which fact I have no doubt, but I'll give you the one-fourth royalty. Come into the bank here with me and I will give you a draft for the money."

The draft was on a Ft. Worth bank.

It took ten days to examine the title and before that time the famous Roper well came in as the drifter and Mr. Balentine had thought it would. Leases went soaring in value and Mr. Balentine quickly realized more than enough from sales of small interests in his one-fourth royalty to pay off the \$25,375.

START NEW COMPANY.

Yaba Copper Interests Take Over Carroll Property.

(SPECIAL CORRESPONDENCE.)
MAYER (Ariz.) Dec. 19.—The Yaba Copper Company has been organized to operate the old Carroll property, adjoining the Franco-American, with interest especially in the gold-silver contacts. The ore already in sight. John J. Mahoney, Jr., of San Francisco is at the head of the new corporation and Harry H. Hurt is consulting engineer.

Stopping has been started on the 1700 and 800 levels of the Arizona Copper and Mining Corporation's Pentland property.

MALE AND FEMALE

GRAUMAN'S

MILLION DOLLAR THEATRE

SPECIAL ADDED FEATURE
"CHRISTMAS EVE IN A TOY SHOP"

THE SPIRIT OF CHRISTMAS

BY SID GRAUMAN

It lives and breathes through every number on this cheerful, happy program. For both little tots and grown-ups there is a smile and a tear in "Christmas Eve in a Toy Shop," and there's grandeur in the conductor's number, "Kamehameha Overture," and human sweetness in "The Melodies of Bygone Days," sung by the Dupuy Harmonists. Each unit of this program commencing today actually typifies Christmas.

I was hungry and you fed me

And so this little girl could not make up her mind to leave this kindly woman who she had always thought was her mother, when her real mother, wealthy and aristocratic came to claim her.

MARGUERITE CLARK

IN A STORY AS FULL OF GLADNESS AS "CHRISTMAS EVE IN A TOY SHOP"

A Girl Named Mary

A PARAMOUNT-ARTCRAFT PRODUCTION
